

Shade7 Café Series

Make a BIG impact with simple, versatile and affordable commercial umbrellas

COMMERCIAL UMBRELLAS

The Shade7 Cafe series combines functionality, hard wearing aluminium and design with an attractive price point.

Lightweight yet robust construction provides excellent strength, while still allowing for easy use and simple moving.

the frame

The lightweight anodized aluminium frames are rust free and will enable you to move them around easily. The warranty on the frame is 2 years. Easy-action rope & pin mechanism makes closing and opening this umbrella a breeze. All parts are fully replaceable.

branding and printing

Increase your brand exposure with personalised umbrella printing. Be instantly noticed by your company logo and colours. Our umbrellas can be customised with printing of any text and/or logo. Printing can be on the roof panels or (optional) valance.

Branding your very own umbrellas is a very economical way of marketing. The cost of printing is determined by the quantity of umbrellas, the size and complexity of the print and the number of colours used. Contact us with your requirements for a detailed quotation.

optional accessories

Screen printing/branding available, cover bags, valances, special fabrics, multi location base plates and flame retardant fabrics.

the size, the shape

Square 2.0m (post diameter = 40mm)
Square 3.0m (post diameter = 50mm)
