Honey & Ginger

Each 750ml kombucha has approximately:

½ gram natural jasmine (Mondulkiri)
½ fairtrade organic roobios tea
½ ceylon black tea
½ gram of natural green tea (Mondulkiri)

This one is an all time favorite around the globe. These two super-powers work their way through the kombucha, slowly infusing the three of them together to give a sweet and smooth introduction that gently glides into a mild ginger sweetness. We are proud to carry what we believe to be the best local honey in the country. It is harvested seasonally, selectively, and very carefully from a small community in the north that are highly respected for their humble lifestyle and preservation for future generations.

Passion Fruit Kombucha
